Subject: ERA Multilateration System in Budapest Liszt Ferenc International Airport, Hungary.

To whom it may concern,

This letter confirms that ERA a.s. supplied and installed a Multilateration (MLAT) system to Budapest Liszt Ferenc International Airport.

Design, manufacture, installation and conducting test operation including FAT/SAT, factory and on-site training, maintenance and two years warranty for the MLAT system delivery have been performed and delivered by ERA.

The scope of delivery within the year 2015-2016 included brand new Central Processing Station and upgrade of the Ground Station Subsystem. The system successfully passed Site Acceptance Tests in April 22, 2016.

Delivery of this project was performed as agreed in the contract terms of the delivery. The contract was signed in March 6, 2015. The contract has been executed through the Indra Navia AS in the role of prime contractor and system integrator.

Yours sincerely
